

HEADINGLEY AND HYDE PARK

GREEN LIGHT

Green Party
for the common good

3 VOTES ON 3 MAY!

**THURSDAY
3RD MAY**

At this year's council elections we all have 3 votes. You can only vote for a candidate once.

There are 3 Green Party candidates and we invite you to give one vote to each of them. But, whoever you usually support, please give at least one of your votes to our lead candidate, **Tim Goodall**.

Tim works hard for local people: he's on the Board of the Heart Centre and is a member of child-friendly Headingley and Woodhouse Ridge Action Group.

THE CHOICE IS BETWEEN YOUR HARDWORKING GREEN TEAM OR LABOUR

Headingley has had Labour councillors for several years. But what have they actually achieved? Rubbish bins are left unemptied, graffiti is not removed, the air we breathe continues to be seriously polluted by traffic.

In recent months a number of former Labour councillors have deserted their party. One told a local newspaper "I am not prepared to stand by while the Labour Council withdraws basic services to my community while bankrolling vanity projects."

Headingley deserves to have councillors with the drive and imagination to make our neighbourhood a better place.

So we ask you to vote Green on May 3rd.

No need for tactical voting in Headingley & Hyde Park.

It's between Labour and Green in this area.

So you don't need to vote tactically to keep out the Tories. Here are the figures for Headingley at the last local election.

TIM GOODALL, WORKING FOR HEADINGLEY

A GREEN MANIFESTO FOR HEADINGLEY

#DECENTHOUSING

Parts of our area are blighted by houses owned by landlords who simply don't look after their properties.

This is bad for their tenants and for all local residents. We want landlords to be properly regulated. Licensing schemes are working in many parts of the country. Why not here?

#STREETPARKING

Our streets are clogged up by commuters from elsewhere.

They park in Headingley and get the bus to the city centre. It's so bad that buses can't get along the road.

The Green Party will introduce more permit parking for local residents.

#SAFERCYCLING

We need to make the roads safe for bikes.

We will work for the introduction of properly segregated cycle lanes from the ring road all the way to the city centre.

This will benefit everyone by improving air quality and reducing traffic noise.

#TIDYSTREETS

We want cleaner streets and better recycling.

Green councillors will work to clear wheelie bins off our pavements.

They are a hazard for wheelchair users and people with child buggies and they are unsightly.

Green Party
for the common good

One person can make a big difference.

Alison Teal is a Green Party councillor in Sheffield. She is at the forefront of the fight to save that city's street trees.

She was threatened with prison by the Labour-run council. Labour made a PFI deal with the Amey corporation to look after the trees.

Local people say Amey is cutting down many healthy trees – just because it's cheaper.
